

Meeting Minutes

Meeting Logistics	
Meeting Title:	MILOPS Domain January 2022 Meeting
Meeting Location:	Microsoft Teams Virtual Conference
Co-Chairs:	Katherine Escobar, Beth Smalley
Secretariate	Lavdjola Farrington
NBAC Liaison	Steven Sullivan
Date of Meeting: (MM/DD/YYYY)	12 Jan 2022
Minutes Prepared By:	Lavdjola Farrington

Purpose of Meeting
Relaunch of MILOPS Domain and Domain Updates

Meeting Agenda / Discussion

1. Opening Remarks; Katherine Escobar
 - a. Ms. Escobar kicked off the meeting with going around the horn to better understand that everyone who is supporting this domain is representing the best interest of the organization and how we can return the favor to better support the members. Attendance list is at the bottom of this note.
 - b. Announced the retirement of prior MILOPS Domain lead Ralph O'Connell
2. Domain Way Forward
 - a. MILOPS content will be moving from APAN and storing to GitHub with no sensitive content. The goal is to make NIEM an open standard and looking at this in the next two years. We will adjust on the governance part of this and we will be diligent about the membership. If anyone is interested in becoming a member, should reach out to us so we can further discuss. We will also be sending out a survey and are asking for candid information so we can better improve the MILOPS Domain.
3. USMTF NIEM-ification Status Update
 - a. Mr. Chipman gave quick overview of USMTF as well as the USMTF to NIEM timelines for the next two year showing the MILOPS releases and the planned CCB. He also showed a list of USMTF Interface Change Proposals (ICP).
4. NIEM OASIS Open Project Status Update
 - a. Ms. Escobar briefed NIEM OASIS Project. She discussed the progress to date within NIEM MILOPS Domain such as transitioning this to OASIS and actions the team needs to take to make this successful.
5. Restricted Repository Project Status Update
 - a. Mr. Cooper briefed the Discussion on Restricted Repository and provided an update where they are migrating to Microsoft one. They anticipate to be done around February or March.
 - b. The users who can access this repository need to have a PIV card. People can also request to submit content into this repository.
6. Closing Remarks
 - a. Ms. Escobar finished the meeting with highlights on MILOPS DOMAIN from 2021, covering the objectives for 2022 and NIEM recommendations.
 - b. The meeting ended with open discussion. See questions below that were asking during and at the end of the meeting.

Questions, Decisions, Issues

- Mr. Charles Chip Timme - We have this one effort that is going and making it an open project / open standard and we also have the restricted repository. Are they going against each other?
 - o Ms. Katherine Escobar - We have the requirement to make an open standard and restricted. We have proprietary information, in the MILOPS Domain we have the MOMs release and have the data requirement on the SIPR side so this won't be an open standard.
- Mr. Daniel Winkowski – For the move to oasis standard, will there be 2 separate governors track for MILOPS?
 - o Ms. Katherine Escobar - All the domains are self-managed. We will continue to manage the MILOPS Domain and because we do have some sensitive in MILOPS we will closely manage the participation and membership in the MILOPS. But will not be different than the other domains.
- Ms. Makia Powell – Question about the API 2021. Is this a message builder or like another NIEM tool that we have?
- Ms. Christina Medlin – with the older version API we could a search and get back that information so we made some changes to support the tool to be able to do multiple search terms instead of single search terms. There are additional plans for the API to provide more functionality.

Action Items *(add rows as necessary)*

Action	Assigned to	Due Date
NIEM MILOPS Domain Survey to all attendees	Domain Stewards	20 Jan 22
Follow up with attendees to further collaborate on supporting MILOPS Domain	Domain Stewards	09 Feb 22

Next Meeting					
Date: (MM/DD/YYYY)	02/09/2022	Time:	1000-1130	Location:	MS Teams

Attendance		
Name	Organization/Affiliation	Purpose
Adrian Francis	Joint Staff J6	Supporting through USMTF with his team
Janette Brown	CENTCOM	New to community
Charles (Chuck) Chipman	NIEM Lead Developer GTRI	Brief status of USMTF NIEM-ification
Timme Charles	Missile Defense Agency, Office of the Chief Architect	
Christina Medlin	NIEM Lead Developer GTRI	Manage the content releases
Ray Cooper	Joint Staff J6, Architecture Integration Division	Discuss status of Restricted Repository
Frank Diaz	JITC	
David Hardy	Booz Allen	Supporting J6 and the Management NIEM Office
Katherine Shoenfelder	MITRE	Working on two research projects one on spectrum data management and one on cybersecurity
Kay Darone	TRADOC	Lead data science and monitoring what we are doing as they roll out on the data science web presence
Jennifer Kays	MCTSSA	used to be involved with NIEM and MILOPS, but got the invitation for today and wanted to see what's the latest with MILOPS. She is currently working in AI
Thomas Lyons	DLA J6TA	
Jeffrey Mah	NIWC PACIFIC (55107)	
David McDaniel	DOD CIO	
Makia Powell	NUWC - Newport RI	Currently planning to transition to NIEM 5.0
Robert Reyling	USAF AFLCMC	Tracking to see when they can implement IEPDs

Attendance		
Name	Organization/Affiliation	Purpose
Steve Sullivan	NBAC Liaison	Support J6 and the NIEM Management Office
Buck Connaly	MCTSSA	Interested tactical data link for military standards
Amanda Chiari	CENTCOM	Data governance and listen to see what they need to do for their data governance policies
